

## Industrial Site Improvement Fund (ISIF)

### Question and Answer (Q&A) Log

Question	Answer
<p><b>1. Can an eligible applicant apply for ISIF if the eligible project is already started?</b></p>	<p><i>Yes. Costs incurred prior to the eligible applicant accepting any award may be used as part of the eligible applicant's local match under the 5-year look-back period.</i></p> <p><i>Although the ISIF does not require projects to hold off until approval by the ODOD, it bears noting that an applicant that commences its project prior to an award may be adversely affected in the scoring of its project on the basis of "need" for the ODOD's financial assistance.</i></p>
