International Corporate Investment in Ohio Operations

August 2011

THE DIRECTORY OF INTERNATIONAL CORPORATE INVESTMENT IN OHIO OPERATIONS is a listing of international enterprises that have an investment or managerial interest within the State of Ohio. The report contains graphical summaries of international firms in Ohio and alphabetical company listings sorted into three categories: company name, country of ultimate parent, and county location. The enterprises listed in this directory have 5 or more employees at individual locations.

This directory was created based on information obtained from Dun & Bradstreet. This information was crosschecked against company Websites and online corporate directories such as ReferenceUSA® and Hoover's®. There is no mandatory state filing of international status.

When using this directory, it is important to recognize that global trade and commerce are dynamic and in constant flux. The ownership and location of the companies listed is subject to change. Employment counts may differ from totals published by other sources due to aggregation, definition, and time periods.
