	Subject	Provider Method

PROVIDER METHOD 904

All work must be cost justified using the EA-QUIP auditing tool

EA-QUIP
904-1.1

A person certified to use the EA-QUIP auditing tool must perform the inspection of the building.

certified personnel
904-1.2

All applicable EEMs specified in the audit must be evaluated regardless of the agency's ultimate ability to complete the energy efficiency measures.

**all energy efficiency
measures evaluated**
904-1.3

EEMs must be performed in order of their cost-effectiveness, from highest to lowest SIR.

order of performance
904-1.4

For those allowable energy efficiency measures outside the provider's abilities to perform the work, the provider must contract with another party to perform the work before going on to other energy efficiency measures.

perform or contract
904-1.5

For any EEM contracted out, the provider must follow the applicable procedures listed in section 905 .

contracting
904-1.6

Any contracted work must follow the procurement/contracting rules for the expenditure level of the work to be contracted out.

procurement
904-1.7
