Grant Supports Business Growth in Mercer County

Health Care Products, Inc., will increase its production capacity and diversify its product line at its location in Mercer County. Health Care Products manufactures feminine hygiene and light incontinence products for private label, institutional, and dollar markets.

Mercer County received a \$385,000 Community Development Block Grant award to help Health Care Products purchase new equipment. Health Care Products has committed to create 16 jobs as a result of the project.

“Working with local officials, we are helping create jobs in Mercer County,” said David Goodman, director of the Ohio Development Services Agency.

The Community Development Block Grant Program is administered by the Ohio Development Services Agency’s Office of Community Development.
