Applicants applying with collaborative partners are required to show proof of the partnership with a signed partnership agreement and a resolution of support from each of the partner's governing entities. If the collaborative partner does not have a governing entity, a letter of support from the partnering organization is sufficient. These documents must be received by the end of the cure period in order for each entity to count as a collaborative partner for the purposes of this application.

**Nature of the Partnership**

As agreed upon in the signed partnership agreement, please identify the nature of the partnership with an explanation of how the lead agency and collaborative partners will work together on the proposed project.

## Budget Information

### General Instructions

- Both the Project Budget and Program Budgets are required to be filled out in this form.
- Consolidate budget information to fit in the form. Additional budget detail may be provided in the budget narrative or in an attachment

#### Project Budget:

- The Project Budget should detail expenses related to the grant or loan project.
- The Project Budget justification must be explained in the Project Budget Narrative section of the application. This section is also used to explain the reasoning behind any items on the budget that are not self explanatory, and provide additional detail about project expenses.
- The Project Budget should be for the period that covers the entire project. The look-back period for in-kind contributions is two years. These contributions are considered a part of the total project costs.
- For the Project Budget, indicate which entity and revenue source will be used to fund each expense. This information will be used to help determine eligible project expenses.
- Total Sources must equal Total Uses. Include staff time and other in-kind matches in the Total Uses section of the budget.

#### Program Budget

- Use the Program Budget to outline the costs associated with the implementation of the program in your community.
- Six (6) years of Program Budgets should be provided. The standard submission should include three years previous budgets (actual), and three years of projections including implementation of the proposed project. A second set of three years of projections (one set including implementation of this program, and one set where no shared services occurred) may be provided in lieu of three years previous if this does not apply to the proposed project.
- Please use the Program Budget Narrative section to explain changes in expenses and revenues, and to defend the budget projections. If the budget requires the combining of costs on the budget template, please explain this in the narrative.

#### Return on Investment:

- A Return on Investment calculation is required, and should reference cost savings, cost avoidance and/or increased revenues indicated in Program Budget sections of the application. Use the space designated for narrative to justify this calculation, using references when appropriate.

#### For Loan Applications only:

- Using the space provided, outline a loan repayment structure.
- Attach three years prior financial documents related to the financial health of the lead applicant (balance sheet, income statement and a statement of cash flows).

**Program Budget**

Use this space to justify your program budget and/or explain any assumptions used for the budget projections. These projections should be based on research, case studies, or industry standards and include a thoughtful justification.

Section 4: Financial Information Scoring

(5 points) Applicant provided complete and accurate budget information and narrative justification for a total of six fiscal years.

(3 points) Applicant provided complete and accurate budget information and for at least three fiscal years.

(1 point) Applicant provided complete and accurate budget information for less than three fiscal years.

## Return On Investment

Return on Investment is a performance measure used to evaluate the efficiency of an investment. To derive the expected return on investment, divide the net gains of the project by the net costs. For these calculations, please use the implementation gains and costs, NOT the project costs (the cost of the feasibility, planning, or management study)--unless the results of this study will lead to direct savings without additional implementation costs. The gains from this project should be derived from the prior and future program budgets provided, and should be justified in the return on investment narrative.

### Return on Investment Formulas:

Consider the following questions when determining the appropriate ROI formula for your project. Check the box of the formula that you are using to determine your ROI. These numbers should refer to savings/revenues illustrated in projected budgets.

Do you expect cost savings from efficiency from your project?

Use this formula: 
$$\frac{\text{Total \$ Saved}}{\text{Total Program Costs}} * 100 = \text{ROI}$$

Do you expect cost avoidance from the implementation of your project/program?

Use this formula: 
$$\frac{\text{Total Cost Avoided}}{\text{Total Program Costs}} * 100 = \text{ROI}$$

Do you expect increased revenues as a result of your project/program?

Use this formula: 
$$\frac{\text{Total New Revenue}}{\text{Total Program Costs}} * 100 = \text{ROI}$$

Do you expect some combination of savings, cost avoidance, or increased revenue as a result of your project/program? (Total Gains combines \$ Saved, Costs Avoided, and New Revenue)

Use this formula: 
$$\frac{\text{Total Gains}}{\text{Total Program Costs}} * 100 = \text{ROI}$$

Expected Return on Investment = \_\_\_\_\_ \* 100 =

Expected Return on Investment is:

Less than 25% (10 points)
25%-75% (20 points)
Greater than 75% (30 points)

Return on Investment Justification Narrative: In the space below, describe the nature of the expected return on investment, providing justification for the numbers presented in the ROI calculation. This calculation should be based on the savings, cost avoidance, or increased revenues shown in the program budgets on the preceding pages. Use references when appropriate to justify assumptions used for cost projections.

**Loan Repayment Structure**

Please outline your preferred loan repayment structure. At a minimum, please include the following: the entities responsible for repayment of the loan, all parties responsible for providing match amounts and an alternative funding source (in lieu of collateral). Applicants will have two years to complete their project upon execution of the loan agreement, and the repayment period will begin upon the final disbursement of the loan funds. A description of expected savings over the term of the loan may be used as a repayment source.

Section 4  
Financial Information

Applicant demonstrates a viable repayment source to support loan award. Secondary source can be in the form of a debt reserve, bank participation, a guarantee from a local entity, or other collateral (i.e. emergency, rainy day, or contingency fund, etc).

Applicant clearly demonstrates a secondary repayment source (5 points)	Applicant does not have a secondary repayment source (0 points)

## Scoring Overview

### Section 1: Collaborative Measures

Collaborative Measures	Description	Max Points		Applicant Self Score
<b>Population</b>	Applicant's population (or the population of the area(s) served) falls within one of the listed categories as determined by the U.S. Census Bureau. Population scoring will be determined by the <b>smallest</b> population listed in the application. Applications from (or collaborating with) small communities are preferred.	5		
<b>Participating Entities</b>	Applicant has executed partnership agreements outlining all collaborative partners and participation agreements and has resolutions of support. (Note: Sole applicants only need to provide a resolution of support from its governing entity.	5		

### Section 2: Success Measures

<b>Past Success</b>	Applicant has successfully implemented, or is following project guidance from a shared services model, for an efficiency, shared service, coproduction or merger project in the past.	5		
<b>Scalable</b>	Applicant's proposal can be scaled for the inclusion of other entities.	5		
<b>Replicable</b>	Applicant's proposal can be replicated by other local governments.	5		
<b>Probability of Success</b>	Applicant provides a documented need for the project and clearly outlines the likelihood of the need being met.	5		

### Section 3: Significance Measures

<b>Performance Audit Implementation/Cost Benchmarking</b>	The project implements a single recommendation from a performance audit provided by the Auditor of State under Chapter 117 of the Ohio Revised Code or is informed by cost benchmarking.	5		
<b>Economic Impact</b>	Applicant demonstrates the project will promote a business environment (i.e., demonstrates a business relationship resulting from the project) and will provide for community attraction (i.e., cost avoidance with respect to taxes).	5		
<b>Response to Economic Demand</b>	The project responds to current substantial changes in economic demand for local or regional government services.	5		

### Section 4: Financial Measures

<b>Financial Information</b>	Applicant includes financial information (i.e., service related operating budgets) for the most recent three years and the three year period following the project. The financial information must be directly related to the scope of the project and will be used as the cost basis for determining any savings resulting from the project.	5		
<b>Local Match</b>	Percentage of local matching funds being contributed to the project. This may include in-kind contributions.	5		
<b>Expected Return</b>	Applicant demonstrates as a percentage of savings (i.e., actual savings, increased revenue, or cost avoidance) an expected return. The return must be derived from the applicant's cost basis.	30		
<b>Repayment Structure (Loan Only)</b>	Applicant demonstrates a viable repayment source to support loan award. Secondary source can be in the form of a debt reserve, bank participation, a guarantee from a local entity, or other collateral (i.e., emergency fund, rainy day fund, contingency fund, etc.).	5
