1970 Census Boundary Symbols and Area Identifications

This map set contains a large block numbered area in the central portion of the urbanized area which does not contain enumeration districts (ED's) and may be recognized by the absence of ED boundaries and numbers. This area is known as the "computer list" area for which addresses, recorded on computer tape, were used for the mailing of census questionnaires.

For the area in which computer list enumeration methods were used, unpublished data are available by block group rather than by ED. Block groups are not defined by symbols on these maps, but each block group within a census tract can readily be identified by the first digit of the block numbers. For example, Block Group 3 in Census Tract 22 consists of all blocks in that tract with numbers from 301 through 399 that are not identified as being within an ED.

- UNITED STATES / MEXICO — International
- WASHINGTON / OREGON — State
- DE KALB CO. / STEELE CO. — County or equivalent area
- Incorporated Place
- NOBLE — Incorporated Place Name
- NOBLE* — Incorporated Place coextensive with Minor Civil Division or Census County Division
- 1960 Incorporated Place boundary where different from January 1, 1970 boundary
- Ward or equivalent area
- 16 — Ward Number
- Congressional District
- 15 — Congressional District Number
- Minor Civil Division or Census County Division
- Rock Twp. — Minor Civil Division or Census County Division Name
- Urbanized Area Limit
- Unincorporated Place
- DALE — Unincorporated Place Name
- County Tie–In (Beyond this line ED boundaries are shown on other maps.)
- Census Tract
- 586 — Census Tract Number (Numbers greater than 9500 identify block numbering areas where no census tracts exist.)
- Enumeration District (Other boundaries are also ED boundaries. The ED boundary symbol is shown only where it does not coincide with other boundaries except that it always appears to separate the computer list area from the ED area.)
- ED 50 — Enumeration District Number
- S-ED 45 — Special Enumeration District Number
- S-ED 7 — Special Enumeration District for which no boundary is shown (Usually a special type of dwelling, e.g., institution)
- 245 — Block Number
- 223* — Asterisk indicates that this block number is repeated on an adjacent map sheet or elsewhere within the block
- Features crossed by these "Fish–Hooks" are not block boundaries
- Arrow is used to connect identification label to an area that is too small to contain the label.
- Outer limit of block area (Symbol is shown only on sheets needed to indicate the report in which block statistics appear.)

Selected Boundary Symbol Combinations

Symbols can become confusing where several boundaries coincide. Frequently encountered combinations are illustrated.

- County and Congressional District
- Minor Civil Division or a Census County Division and Incorporated Place
- 1960 Incorporated Place Limit where different from 1970 and Minor Civil Division
- Minor Civil Division or Census County Division and Unincorporated Place
- Census Tract and Incorporated Place
- Minor Civil Division or Census County Division and Congressional District
- Census Tract and Minor Civil Division or Census County Division
- Census Tract and Ward
- Incorporated Place and County Tie–In
- Enumeration District and County Tie–In
