PERSONAL INCOME--46**PERSONAL INCOME****Contents**

These data sets include aggregate personal income (in thousands of dollars) and per capita income for the state and 88 counties. Per capita personal income (PCI) is the total personal income of the residents of an area divided by the resident population. No adjustment for inflation has been made.

Source

The Bureau of Economic Analysis's (BEA's) website for state and local statistics: <http://www.bea.gov/>.

Frequency

Annually, usually available about May.

Time Period Covered

2004-2009. The larger data set covers 1969-2009.

Geographic Areas

Data in this report are presented for the state, the 88 counties, and occasionally the nation. The larger data set includes data for metropolitan areas, divisions, and regions.

Comparison to Other Data Sets

BEA PCI figures are greater than Census figures for comparable years because the BEA included deductions for retirement, medicaid and medicare payments, and the value of food stamps, among other things.

REIS CD-ROM

The REIS CD-ROM contains a variety of economic information covering 1969-2009. Go to the BEA's web site for more information.

55--TRANSFER PAYMENTS

**Transfer Payments
Table of Contents**

Table/Graph	Title	Page #
	Transfer Payments	56
Table 20.	Total Transfer Payments, 2004-2009	57

TRANSFER PAYMENTS--56**TRANSFER PAYMENTS****Content**

The data in this table are aggregate transfer payments (in thousands of dollars). No adjustment for inflation has been made. The latest year for total personal income is included for the calculation of a dependency ratio - i.e., total transfer payments as a percentage of total personal income in 2009. The counties are ranked by their dependency on transfer payments, with one indicating the greatest dependence.

A transfer payment is a payment to a person, usually in monetary form, for which that person has not rendered a service. Examples include unemployment benefits, social security and other retirement benefits, and the value of food stamps, among other things.

Source

The Bureau of Economic Analysis's (BEA's) website for state and local statistics: <http://www.bea.gov/>.

Frequency

Annually, usually available about May.

Time Period Covered

2004-2009. The larger data set covers 1969-2009.

Geographic Areas

Data in this report are presented for the state, the 88 counties, and the nation. The larger data set includes data for metropolitan areas, divisions, and regions.

REIS CD-ROM

The REIS CD-ROM contains a variety of economic information covering 1969-2009. Go to the BEA's web site for more information.
