## ***RESIDENTIAL BUILDING PERMITS--120***

### **RESIDENTIAL BUILDING PERMITS**

#### **Content**

The estimated number of building permits issued for private housing units in Ohio and the 88 counties, and the dollar value associated with the housing units. No adjustment for inflation has been made.

#### **Source**

Annual Building Permits Surveys [machine-readable database] / prepared by the Census Bureau. Washington, D.C.: the Bureau [producer and distributor], 2004-2011, and the Bureau's web site <http://www.census.gov/>.

#### **Frequency**

Annual, available about May. Other data sets contain monthly and year-to-date data as well.

#### **Time Period Covered**

2003-2010. The databases from which these are drawn extend back as far as 1980.

#### **Geographic Areas**

Data in this report are presented for the state and the 88 counties. The larger data sets contain data for other governmental units issuing permits as well as summaries for states and metropolitan areas.

#### **Related Publications**

None. Contact Policy Research and Strategic Planning at 614/466-2116 for any additional questions.

## **TAXABLE VALUE OF REAL PROPERTY--126**

### **TAXABLE VALUE OF REAL PROPERTY**

#### **Content**

The following tables present the taxable value of agricultural, commercial, industrial, mineral, and residential property. The first table is a summation of the five real property categories. Under state law, taxable (i.e., assessed) value represents 35 percent of the market value, except for certain agricultural land.

County auditors classify all real property (except railroad) in Ohio into one of the five categories, depending on the property's highest or best probable use. (A second exception is "current use" for certain agricultural property). The commercial category includes public utility real property. No adjustment for inflation has been made.

#### **Source**

The Ohio Dept. of Taxation's web pages: <http://tax.ohio.gov/>; select "Researchers," then "Tax Data Series," then "Property Tax," then "Real Property," then look for Table PD-31.

#### **Frequency**

Annually.

#### **Time Period Covered**

2002-2009.

#### **Geographic Areas**

Data in this report are presented for the state and the 88 counties.

#### **Related Publications**

Related publications are found at the source. They cover Intangible Property, Manufactured Homes, other types of Real Property, Real Estate and Public Utility Taxes, Tangible Personal Property, and taxes for other geographic areas. Contact the Ohio Dept. of Taxation at 614/466-3960 for these and other tax reports, or visit their web site.

## ***U.S. GOVERNMENT PROCUREMENT--160***

### **U.S. GOVERNMENT PROCUREMENT**

#### **Contents**

These tables present data on U.S. Government procurement contract awards for fiscal years (FY) 2003-2009. The Census Bureau obtains procurement data from the Postal Service and the Federal Procurement Data Center (FPDC). The FPDC collects data on a quarterly basis from most Federal departments and organizes these data according to the county of performance, not the location of the prime contractor. Excluded from the procurement totals are the amounts for the judicial and legislative branches, as well as intergovernmental transfers of funds.

Most contract actions provided by the FPDC with values under \$25,000 are not distributed by state and county. FPDC data represent the value of obligations for contract actions, and do not reflect actual expenditures. In general, only current year contract actions are reported. However, multiple year obligations may be reflected for contracts of less than three years duration. Contractual actions for service often not generally associated with procurement, such as the purchase of utilities and building leases, are included in the database.

#### **Sources**

Data for 2003-2009 were downloaded from the Census Bureau's web site: <http://www.census.gov/>.

#### **Frequency**

Annual updates usually are released in May following the latest fiscal year referenced.

#### **Time Period Covered**

FY 2003-2009. The larger databases start with FY 1987.

#### **Geographic Areas**

Data in this report are presented for the state and the 88 counties. The larger database from which the tables are drawn covers sub-county areas and note congressional districts.

#### **Related Publications**

None. Contact Policy Research and Strategic Planning at 614/466-2116 for any additional questions.

Table 49.	Total Number of Active Businesses, July, 2001-2010	173

## **STARTING AND ACTIVE BUSINESSES--168**

### **STARTING AND ACTIVE BUSINESSES**

#### **Contents**

Table 48 presents data on the number of starts of for-profit businesses in Ohio by county. Data on business terminations (and consequently net formations) are no longer presented due to methodological difficulties. Table 49 counts the total number of for-profit businesses with at least one employee active in July of each year. A residual category of “unassigned” is included in both tables because county information is not always available.

#### **Source**

Ohio Bureau of Workers' Compensation, ED 102, 121, 181, and 952 files [machine-readable data files] / prepared by the Bureau. Columbus, Oh.: the Bureau, 2001-2011.

#### **Frequency**

Annual updates usually are released in April, following the last year covered.

#### **Time Period Covered**

2001-2010. The databases from which these are drawn extend as far back as 1975.

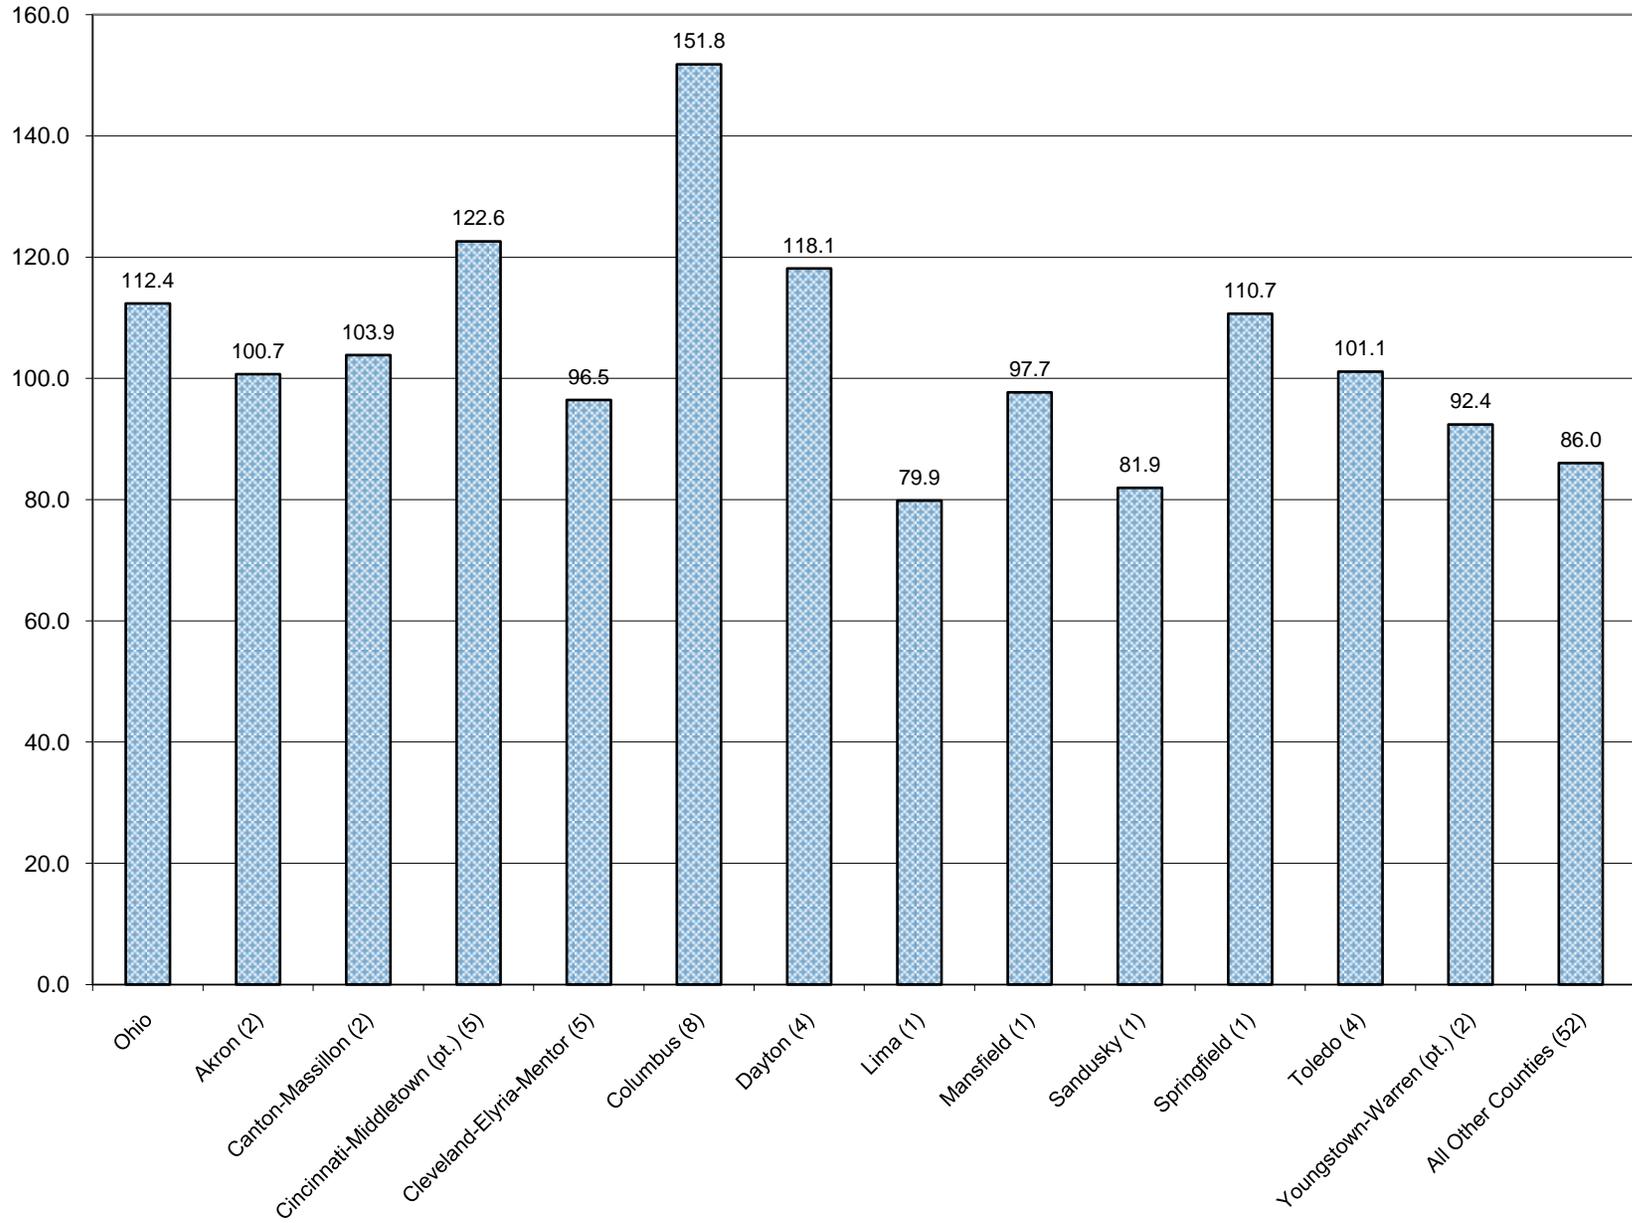

#### **Geographic Areas**

Data in this report are presented for the state, the 88 counties, and the residual category of “unassigned” when the county field was left blank on the record. Separate reports in the past summarized counts for multi-county metropolitan areas (or multi-county parts thereof) in Ohio.

#### **Related Publications**

None. Contact Policy Research and Strategic Planning at 614/466-2116 for any additional questions.
